Today's baseball game between the Navy's great All-Star team and the All-Star Army team was made possible through the cooperation of the 14th Naval District Athletic Association and the various Army Posts and Commands on the Island of Oahu. It can be said without fear of contradiction that the Navy team taking the field this afternoon is the best professional baseball team in the United States today. The soldiers who go out to meet these stars are honored to have been selected to face the greats of the great American game. They will play today's big game *The American Way*—play it to win.
