## NORFOLK NTS vs. BAINBRIDGE NTC

The Martins and the Coys had nothing on the feuding Naval boys of Norfolk NTS and the Bainbridge Commodores who in each contest last year supplied some of the real service thrills on the diamond.

Meeting in ten engagements during the 1944 season, the NTS and NTC teams split even with 5 wins apiece, and each game was closely contested. Oddly enough, whether the week end meetings took place at Norfolk or at Tome Stadium, neither team could sweep a two game series from the other with the ultimate result that at no time during the season did either team take an advantage over the other.
